IKE IN MANILA — President Eisenhower addresses a battery of microphones on his arrival in Manila, capital of the Philippines.

## Addresses Philippine Congress

## Ike Says Communist Schemes Against Free Men Will Fail

MANILA (AP) — President Eisenhower today declared that the United States must remain "strong and faithful to its friends" in the face of the Soviet Union's anti-American offensive.

The President, hailed again by thousands of friendly Filipinos after his stupendous welcome Tuesday, assailed international communism as the single most important breeder of world tension.

**Foreign Policy Address**  
Eisenhower spoke in a major foreign policy address to a joint session of the Philippine Congress. It was the first in a series he will make during his 10-day tour

of the Philippines, Formosa, Okinawa, Japan and Korea.

Summing up anew what America stands for, the President said its actions must make clear that "propaganda pressures, rocket rattling and even open aggression are bound to fail."

Cheers and whistles greeted the President on his arrival in the legislative chamber, which was packed with countless senators and congressmen in the traditional open-neck shirts that Filipino men wear outside their trousers on even formal occasions. The President wore a brown business suit complete with vest.

Eisenhower warmly praised Filipino nationalism as a powerful force in building close ties with the United States.

"Communist leaders fear constructive nationalism as a mortal foe," he said. "This fear is evident in the continuing efforts of the Communist conspiracy to penetrate nationalist movements, to prevent them, and to pirate them for their own evil objectives."

"They use force and threats of force, subversion and bribery, propaganda and spurious promises. They deny the dignity of

## Half of Realty Tax Total to be Collected

LISBON — With the deadline nearing for the collection of the second half of 1959 real estate taxes, County Treasurer Vincent C. Judge said today that \$908,937.65 has been collected so far, approximately half of the total.

The collection deadline is Monday, after which a penalty will be imposed.

The treasurer points out that statements are mailed as an aid to the collection, and if a taxpayer does not receive a statement, he is still subject to a penalty if he fails to pay his tax by the deadline.

## Johnson, Nixon Roll In Texas

Both Given Control Of Delegations

AUSTIN, Tex. (AP)—Sen. Lyndon B. Johnson (D-Tex.) and Vice President Richard M. Nixon won overwhelming support for president at their party's state convention Tuesday.

Democrats meeting in Austin gave the Senate majority leader complete control of Texas' 61 votes at their national convention in Los Angeles July 11-15.

The Texas Republicans meeting in San Antonio pledged their 54 votes to Nixon for president and Sen. Barry Goldwater of Arizona for vice president at the GOP convention in Chicago July 24-27.

Watch out for Massachusetts, Johnson warned his delegation to the convention. He did not mention Massachusetts Sen. John F. Kennedy, his chief rival for the nomination, but delegates pledged to back him to the hilt knew what Johnson meant.

"Massachusetts will have 82 delegates trying to outrun us and outbluff us," Johnson told the delegates, pledged to stick with him at Los Angeles until he releases them.

Johnson won control of the convention by a whopping 2,252-40 vote margin. A expected major walkout flopped and an anticipated rump convention dissolved in defeat.

Mrs. R. D. Randolph, Democratic national committeewoman, who is a Johnson foe, was replaced by Mrs. H. H. Weinert of Seguin.

Nixon won unanimous backing and Goldwater gained endorsement over four other Republicans at the GOP convention.

Backers of New York Gov. Nelson A. Rockefeller voted to support Nixon.

## Nuclear Sub Catches Fire; 2 Men Lost

HONOLULU (AP) — Two men were unaccounted for after a flash fire aboard the nuclear submarine Sargo at Pearl Harbor, a Navy spokesman said today.

The one-hour blaze Tuesday was put out after the 2,500-ton submarine was half submerged, a Navy spokesman said.

The fire, which broke out in the stern or torpedo room, at no time endangered the submarine, the Navy said.

The torpedo compartment was immediately flooded and the stern half of the ship was submerged shortly after the fire broke out at 5:30 p.m. The submarine was tied alongside the dock.

Cause of the fire was attributed by Navy spokesmen to a rupture in the liquid oxygen line near the after torpedo room. The submarine was taking on a supply of liquid oxygen.

The room was immediately sealed off and flooded.

Officially, the Navy said no determination has yet been made of casualties.

But a spokesman said: "There could be two crew members unaccounted for." He added that no determination could be made until water had been pumped from the flooded torpedo chamber.

The spokesman said there was "absolutely no danger from an explosion in the nuclear reactor compartment."

## Missile Makers, Union Reach Tentative Pact

Plants Employing 31,000 Still Closed By Massive Strikes

LOS ANGELES (AP) — Two powerful unions struck Lockheed and Douglas, builders and launchers of key United States missiles and satellites, today. Hours later a tentative agreement was announced in the Douglas walkout.

The massive strikes by the International Assn. of Machinists and United Auto Workers hit installations across the country at midnight local times.

But the UAW and Douglas, in a joint statement, announced shortly after 3 a.m. that continuing negotiating sessions had brought a tentative agreement on a new two-year contract covering 22,000 hourly rated employees at Long Beach, Calif., and Tulsa, Okla.

**Talks Are Continuing**  
Talks on local issues at Charlotte, N.C., where Douglas also has a plant, continued.

The joint statement said pickets who took their places outside the Tulsa and Long Beach plants early today would be withdrawn.

Terms of the settlement were undisclosed pending membership meetings. The proposal still must be ratified by union members.

The agreement appeared to break the vise-like grip which a series of labor disputes was closing on the United States space and missile program.

Another 10,000 IAM machinists started a strike of several Lockheed aircraft facilities today and promptly set up picket lines.

In separate action, IAM already has picketed Air Force bases for several days where Convair, another of the industry's giants, has Atlas missile facilities.

**Meeting Set Today**  
A meeting of UAW members was set for 4 p.m. today in Long Beach Memorial Stadium. The bargaining committee will recommend unanimously adoption of the pact, UAW and Douglas said.

The strikes at midnight hit factories producing high-priority hardware for the nation's defense armory.

The Army's nuclear-armed Douglas Nike Hercules anti-aircraft missile, now operational and on Nike sites at major U.S. cities.

The Navy's fleet ballistic missile, the submarine-launched Lockheed Polaris, which the Navy says should be operational by the end of the year.

Three Lockheed-built Air Force satellites — the Discoverer research vehicle, the Samos reconnaissance satellite and the missile-launch detection spy, Midas.

Pickets haven't yet closed down the Convair San Diego, Calif., plant building the big Atlas—the nation's only operational intercontinental ballistic missile. But pickets have previously crippled Convair operations at Cape Canaveral, Fla., and Vandenberg Air Force Base, Calif., where the Atlases are launched.

**Involve 31,500 Workers**  
The new strikes, the first big walkout of the missile-and-rocket age aircraft industry, involved 31,500 union men and women.

Additional pickets appeared early today at Vandenberg—this time picketing Lockheed facilities within the giant base.

Others struck at the Navy's nearby Point Arguello missile complex, where Lockheed has facilities.

Lockheed said all missiles and space operations would be open today, despite the strike. Lockheed's aircraft, electronic, servicing and shipbuilding facilities are not affected by the IAM strike.

At Thursday midnight IAM is prepared to call 11,350 of its members at Douglas' Santa Monica, Calif., plant and 6,750 at Doug.

## Result of Breakdown of Vote Machines

## Mahoning Election Officials Lose Jobs

YOUNGSTOWN, Ohio (AP) — Two Mahoning County Election Board officials lost their jobs today as the result of a breakdown of voting machines in the May primary elections.

Bryon Wade, election board clerk, resigned.

Wade said he resigned after

Secretary of State Ted Brown threatened to remove the entire board.

Jack Sullivan, deputy clerk, was fired. He is chairman of the county Democratic committee.

Many voting machines in the city and county broke down election day. Some voters said they left the polls without voting because of ensuing delays.

In Columbus, Secretary of State Ted W. Brown handed out severe criticism to the board of elections for its planning and conduct of the balloting.

Brown said his investigation showed about 2,500 Mahoning County residents lost their vote as a result of numerous voting machine failures.

"From this deplorable experience, in which apparently little can be done unto that which has already been done, must come immediate action and complete assurance that along with the attempt to restore public confidence, it must not and will not occur again, that a number of questionable practices employed in the conduct of the election are wholly remedied."

Specifically, Brown said the Mahoning County board permitted unauthorized persons to work on the voting machines, failed to staff the polling places in every instance with an equal number of Republican and Democratic officials as required by law, and failed to keep a list of the number of seals placed on voting machines as a safeguard against fraud.

The secretary charged the board with failure to give adequate instruction to precinct officials, especially as to what they should do in cases of emergency. But, he added:

"I do not mean any phase of this report to be a blanket criticism of all the present officials."

"They cooperated completely with my investigators and the investigation clearly showed that, in general, they did a commendable job under very trying circumstances."

Brown said the investigation indicated that about 500 of the 825 machines used in the county were out of operation at some time or another during primary election day. At least 25 per cent of the polling places, he said, were completely shut down from 30 minutes to seven or eight hours.

## City Council To Consider Payroll Loan

City Council has called a special meeting for Thursday night to consider borrowing enough money to meet the General Fund payroll which was due today.

Because of depleted monies in the General Fund some 55 municipal employees went without their bi-monthly pay today.

Council will be required to borrow about \$7,500 to meet the payroll of \$8,606. Those who were not paid today include the police, firemen, city elective officials, city clerks, electrical workers, custodial help and school patrolmen.

The late payday was the second in a row. The payroll due on May 31 was not met until June 2 after Council borrowed \$2,000 at a bank.

Also to be considered Thursday is a bond ordinance of \$7,500 for purchase of the Knights of Pythias home immediately south of City Hall and authorization to send two street department employees to Elgin, Ill., where they will undergo training in the repair of street sweepers.

Mayor Dean Cranmer enriched the city general fund by \$642.75 today when he turned in his court and office receipts for the first half of the month, instead of waiting until the end of June.

## Outbreak Nears Proportions of Insurrection

2 Killed, 300 Hurt; Kishi Calls Special Meeting of Cabinet

TOKYO (AP) — Thousands of howling leftwing students stormed the Japanese Parliament today, overpowered police and occupied buildings in the bloodiest outbreak so far against Prime Minister Nobusuke Kishi's pro-Western government.

Kishi called a cabinet meeting tonight to deal with the near insurrection.

Two persons were reported killed and more than 300 were injured in the savage free-for-all between 10,000 screaming, rock hurling Marxist students and club wielding police who tried to quell the demonstrators with fire hoses.

**Allow Students To Enter**  
Refraining from the use of tear gas and firearms, they finally gave up attempts to hold off the invaders and allowed the students to enter the grounds almost at will.

The violence broke out shortly after Kishi's government yielded to Socialist pressure and abandoned efforts to gain final ratification of the new U.S.-Japan military treaty in time for President Eisenhower's arrival in Tokyo Sunday.

Kosaku Shinoda, public relations spokesman for Kishi's ruling Liberal Democratic Party, told newsmen the administration would recess Parliament for a "political truce, so that President Eisenhower's visit can be made a success."

More than 1,000 police tried to hold the mob at bay.

**Tantamount To Insurrection**  
"It was tantamount to an insurrection," said Shojiro Kawashima, secretary general of the ruling Liberal Democrats.

In contrast with previous demonstrations, however, there was little initial expression of opposition to President Eisenhower's visit. The demonstrators carried only a handful of signs demanding cancellation of the visit he is to start Sunday.

The uprising cast grave doubts on the ability of Tokyo metropolitan police to protect the President from harm if similar violence breaks out Sunday.

The students, led by members of the extreme-left Zengakuren Student Federation, hurled chunks of pavement and stones and set fire to a police truck that barred their way. It marked the first time police have retaliated with clubs and fire hoses in the nearly four weeks of demonstrations.

Some injured students and police lay at the Parliament gate, splashed with blood and mud.

More than a dozen ambulances shuttled between Parliament and hospitals.

**Rocks Litter Grounds**  
Thousands of rocks and pieces of asphalt littered the Parliament grounds, softened by rain shortly before the fight erupted.

Here and there, bleeding students.

## State Arson Bureau Checks Local Fires

The arson investigation being conducted in connection with two fires on S. Lincoln Ave. in the last four days has been turned over to the State Arson Bureau.

Chief Clarence Wright reported today that agent Michael J. Meillo of the Bureau is in town now working on the case.

The fires, one at the O'Keefe home which destroyed a garage Saturday night and one in the Dr. M. W. Riegel home set in a pile of boxes, are believed to have been caused by the same person.

Police believe the culprit is also responsible for throwing stones at persons and homes in the S. Lincoln Ave. area.

## Convict Won't Talk In Probe

Tells of Threats From Underworld

WASHINGTON (AP)—The imprisoned banker of the New York underworld testified today he had been threatened if he gave testimony at a Senate inquiry into skulduggery in boxing.

Irving Mischel, brought here from Clinton State Prison, Dannemora, N. Y., balked at answering questions about his financial dealings with underworld characters in boxing.

Sen. Philip A. Hart (D-Mich.), presiding over hearings by the Senate Antitrust and Monopoly subcommittee, told Mischel he had no legal right to refuse to testify because of fear of reprisals.

Mischel then invoked the Fifth Amendment's protection against self-incrimination.

Mischel said he was "threatened with violence" while held in the New York house of detention. He didn't say when this occurred.

Mischel told of being threatened when asked whether he knew Frankie Carbo, convicted in New York of underground boxing activities.

Mischel said he wouldn't answer that question or any others because he had been threatened.

As a witness before the Senate rackets committee last year, Mischel told a detailed story of loaning "many, many millions" at usurious interest rates as a sort of unofficial banker for New York underworld figures.

He is serving 10 to 20 years in Clinton State Prison at Dannemora, N. Y., for grand larceny of about \$60,000 worth of securities in a complex money deal.

## Court Order Averts Strike

## Pilots of 3 Airlines Remain at Posts

CHICAGO (AP) — A federal court order may have averted a walkout by pilots of three of the nation's largest airlines in a dispute over cockpit seating of federal inspectors in jet aircraft.

However, a fourth airline, Eastern, was still partially crippled despite a similar injunction issued in Miami ordering pilots back to work.

Eastern said its planes were ready to take off, but it could not reach any of the pilots. The Air Line Pilots Assn. has authorized no strike and has asked pilots to comply with the court's order.

The other carriers involved are American Airlines, Pan American World Airways, and Trans World Airlines.

In Chicago Tuesday they sought and got a temporary injunction barring pilots of the three lines from interfering with regularly scheduled flight service.

The three lines asked for the order after their pilots adopted resolutions notifying the companies they would not fly jets if inspectors for the Federal Aviation Agency insist on displacing the third pilot from his flight seat during flights.

U.S. Dist. Judge Julius H. Miner granted the injunction against ALPA and two of its officers within minutes after the petition was filed. ALPA said it would comply.

An attorney for the carriers, George B. Christensen, told Judge Miner he believed the pilots intended a strike.

An official of ALPA denied Christensen's allegations.

Clarence Sayen, ALPA president, issued a statement saying pilots of TWA, American and Pan Am were being urged to obey the court order.

LPA, he said, was taking immediate steps to have the order lifted.

In contention is a ruling by FAA Chief E. R. Quesada that the forward observer seat is the only spot where inspectors can observe crew performance.

The pilots contend it is unsafe to fly a large jet transport without three pilots in position. The FAA does not agree.

## Senate Foreign Relations Unit Okays Japanese Treaty

WASHINGTON (AP)—The way is clear for quick Senate ratification of the U.S.-Japanese security treaty before President Eisenhower reaches Tokyo on Sunday.

The Senate Foreign Relations Committee, after just 20 minutes debate, Tuesday approved the treaty unanimously. Chairman J. William Fulbright (D-Ark.) said he hopes for Senate approval Thursday.

This is the treaty that ignited the huge anti-American riots in Japan after Japanese Premier Nobusuke Kishi pushed it through the

Parliament with his Liberal Democratic party majority.

The treaty will be ratified by Japan automatically on Sunday, the day Eisenhower arrives, unless the Japanese Parliament is dissolved or recessed before then. The Socialists advocate dissolving Parliament and putting the treaty issue up to the country's voters in a general election. But Kishi today was reported planning a week's recess for Parliament beginning Thursday, which would postpone the automatic ratification until after the President leaves Japan.

The treaty makes Japan an equal ally of the United States for the next 10 years, with one additional year provided before it can be terminated.

In return for bases and facilities in Japan, the United States is pledged to defend Japan if it is attacked.

The treaty also requires consultation between the two powers on deployment of U.S. troops and weapons in Japan, and before U.S. forces based in Japan can be sent elsewhere in the Far East in the event of war.

The treaty replaces one signed in the depths of Japan's defeat in World War II, which many Japanese felt was one-sided and could involve them in a war without their being consulted about it.

## Group Finds Fish Cou'd Be Raised In Space Ships

EUGENE, Ore. (AP) — A research team has found that it would be possible to raise food fish aboard space ships, feeding them on materials produced from body wastes.

The fish would grow in water already being used to raise algae or seaweed and no great increase in volume or weight would be involved.

The experiment was reported to the Ecological Society of America Tuesday by Dr. Frieda B. Traub of the University of Washington.

Dr. Traub and her associates began more than a year ago to raise a species of African mouth-breeder in a tank already producing chlorella, a type of algae which produces large quantities of oxygen as well as a type of protein which can be used as human or animal food. Light provides the energy for making the algae grow.

The African mouth-breeder is raised widely in ponds fertilized with human or animal waste matter, and is a food item in some parts of the world. The female fish hatches her young by keeping the fertilized eggs in her mouth. They hatch in about 10 days. The fish grows to sardine size in about three months.

## SECEDE FROM VILLAGE

MEDINA, Ohio (AP) — Voters have detached a third section from Brunswick Village in Medina County. Residents in the area voted 171-60 Tuesday to secede. The action cut another 1,900 acres from the dwindling village, reducing it to eight square miles.

When it was first incorporated as a village six months ago, Brunswick covered the entire former township area of 25 square miles.

## LET'S EXPLORE OHIO

Ohio was in the forefront in supplying the top military leaders for the Union forces in the Civil War. A fact not so well known today is that Jefferson, county seat of Ashtabula County, was the home of two men who attained national importance in the War as civil leaders.

Benjamin F. Wade, as a United States Senator first elected in 1851, was in the advance of the anti-slavery movement. He was elected President of the Senate and as such the Acting Vice President of the United States; later he served as the Chairman of the Committee on the Conduct of the War, a post of great power and importance.

Senator Wade was admitted to the bar in 1828 and eventually became the law partner of Joshua R. Giddings in Jefferson. The Giddings & Wade law office, shown above, was built in 1823. At a desk four feet high, Mr. Giddings stood to do all his writings, including the writing of the first platform for the Republican Party. Six feet two in height and weighing 225 pounds, Mr. Giddings was a commanding person as he stood to address Congress in those pre-war years when he was a powerful leader in opposition to slavery interests. He died in 1864 in Montreal, while holding the position of United States Consul in Canada.

## Two Teachers Hired at Lisbon

Bus Driver, Patrol  
Officer Also Named

LISBON—Two teachers, a school patrolman and a school bus driver were hired by the Village Board of Education at its meeting Tuesday night.

Harold A. Windram of Leetonia RD 2 was hired as an elementary teacher to replace Mrs. Bernice Freshley who will retire.

He is a graduate of Ohio State University with a bachelor of science degree in education. He taught agriculture in Lisbon High School from 1951 to 1955 and was at Carrollton the past school term. He has had nine years of teaching experience.

Barry James of 602 E. Chestnut St. was hired to serve as a high school counselor.

A recent graduate of Kent State University with a bachelor of science degree in education, he expects to receive a government scholarship to Ohio State University this fall. If he does, he will not begin his duties here till after Jan. 23, 1961, otherwise he will begin September.

He is a graduate of Lisbon High School and this is his first teaching position. The federal government will pay half of his salary as a counselor.

Gerald Chappell, a speech-hearing therapist, will be in Lisbon schools full time next term. This year he was at Lisbon 75 per cent of the time and Leetonia, 25 per cent.

Carl Flitcraft will serve as supervisor of the high school year book next year, and Mrs. Mary Pettit will serve as supervisor of the high school newspaper.

Mrs. Dorothy Carlisle of N. Market St. will replace Mrs. Marjorie Rodi as adult patrol officer on N. Market St. and Pine St. and John England was named as bus driver, replacing Arch Peppel who will retire after seven years of service.

The board authorized the expenditure of \$202.10 for chairs, music stands and desk for the music department and approved the summer school bus maintenance program at an estimated cost of \$2,955 conducted by the McCammon Garage. The board authorized payment of \$249.84 as expenses for two children in the Lisbon school district who are attending the mentally retarded class in the First Presbyterian Church. It also authorized the purchase of \$706.35 worth of equipment to be used in the science classes. The state is expected to pay half of these costs.

The board accepted the bid of Crosser's Service Station for gas and oil for school buses beginning next school term. A two-cent reduction will be given on gas and five cents on oil. This was the only bid received.

The board renewed the maintenance agreement with the Monroe Calculating Machine Co. for next year at a cost of \$22, bought an adding machine for clerk Henry Dawes for \$112.13 and purchased new drapes for high school auditorium at a cost of \$700. The board also agreed to pay John Chilik \$2 an hour for any substitute work he does for the present school clerk and ordered vouchers drawn up for bills amounting to \$5,930.75.

A two-year contract was signed by the board permitting the Civil Defense unit to use the old Lincoln School building on N. Market St. The Civil Defense unit will pay \$1 per year and the insurance fees on the building.

Supt. Loren Early reported on the landscaping being done at Lincoln School and suggested that a fence be erected along High St. at the rear of school. He reported on visit of George Boston, state fire marshal, and the corrections made on his orders.

Early said the school purchased \$1,375 worth of surplus equipment from the state for setting up its metal working shop at a cost of the school of \$74.05 plus the cost of \$38.04 for trip to Columbus to get the equipment.

The next meeting will be held on Tuesday, July 12, at 8:30 p.m.

**PLAY GIRL**—Arriving at New York's Idlewild Airport, actress Salome Jens loses no time in calling friends to tell them she's back from Hollywood. She completed starring work in the film "Angel Baby" to return to the stage in the off-Broadway show "The Balcony."

## Industry Needs Right 'Climate'

A. S. Glosbrenner, president of the Youngstown Sheet & Tube Co. who has just returned from a trip to Europe where he observed rapidly expanding steelmaking operations, has made a few comments in the Mahoning Valley district which need repeating.

This rising competition from European steel producers is a real threat to American industry, especially the steel manufacturers and steel fabricators in this district, he declared.

In his analysis of the problem, Mr. Glosbrenner said a new type of "climate" or attitude toward business and industry and their problems must be developed. "Unless our district gets that type of climate rather soon its future isn't very promising."

**IMPORTS OF STEEL** manufactured abroad at lower costs and sold on local markets at prices beneath what American industries must charge, has cut heavily into steel output in the nearby Mahoning Valley. The steel companies, Mr. Glosbrenner declares have plenty of places where they can locate new facilities where they can make more profit with the same effort or less.

The Sheet & Tube official contends that the existing attitude toward business, disadvantages in wage costs and other factors, have driven some fabricating firms away from

eastern Ohio and some larger firms have restricted their operations.

The "basic steel" wage yardstick hurts smaller industries, too, Mr. Glosbrenner points out. He favors wage rates and fringe benefits for the steel fabricators which will put them on equal basis with competition elsewhere.

**IN THIS CONNECTION**, Salem Chamber of Commerce and Industrial Development Corporation officials have found in their travels to seek new industry that the biggest deterrent to getting new factories is the high "basic steel" labor rate which encompasses the whole area.

Mr. Glosbrenner points out, "the future is going to be rough. We may as well understand what we are up against and get ready for it."

To meet this challenge, he calls for "some mighty important attitudes" on the part of everyone concerned, the steelworkers, government officials and the industrialists themselves.

A Salem industry is currently building a large plant in Arkansas and another strike-bound factory is rumored to be looking elsewhere for a manufacturing site.

The solutions must be found at home. No one elsewhere is going to do it for us.

## Retirement Systems Decision

The State Teachers Retirement Board has decided it will not invest its trust funds in land for future highway rights-of-way.

The program was set up by the last General Assembly as a way to reserve land needed for future road projects without tying up State Highway Department money needed for current projects.

It authorizes the highway director to enter into agreements with trustees of the teachers, school employees and public employees retirement funds and the industrial commission under which they would provide the money for the advance right-of-way purchases.

The law provides that the highway director must purchase the land from the investing board not more than five years after the agreement, paying the original purchase price plus a negotiated return, currently set by the controlling board at 5 1/2 per cent. The statute also limits the amount of money that may be so invested at one time to 10 per cent of the combined or separate total assets of the funds.

**THESE PROVISIONS** were worked out in several rewritings of the bill in legislative committee in an effort to guarantee the funds' trustees that they would lose no money on the investments and that they would not

risk political inroads on their retirement programs.

The law has since been declared constitutional by the Ohio Supreme Court in a friendly test case involving the investment of more than \$800,000 by the School Employees Retirement Board.

The decision of the teachers fund board not to participate is based on two principal objections.

1. The Supreme Court ruled that the law did not violate the Constitutional limit on state indebtedness because the agreements it authorized would not be an obligation of the State of Ohio which would bind future legislatures.

This raised a doubt in the thinking of the board as to whether it could obtain an adequate guarantee that future highway directors would honor purchase agreements.

2. The five-year limitation on the tenure of the agreements is not consistent with the general investing policy of the board, which prefers to put its money into long-term securities at the most favorable interest rates.

From the board's point of view, these are valid reasons for not participating. The program is entirely voluntary on the part of the boards, and the trustees of the teachers fund are acting in the good conscience of their responsibility to the thousands of teachers who are investing their individual savings in the retirement system.

**WE HOPE**, however, that their decision will not give a black eye to the advance rights-of-way program. It is sound in principle and over the long term could save the state considerable money through the avoidance of prices skyrocketed by land speculation and through the avoidance of time delays now needed to acquire right-of-way when construction is ready to begin.

We believe the General Assembly acted in good faith in setting up the program and we believe that any highway director sincerely interested in the development of Ohio's road system would act in good faith on any agreement with an investing board.

In short, we respect the teachers board for its decision but we are pleased the school employees board already has joined in the program. We hope the other two boards will follow suit in the future.

## 'Pidgn' and 'Shadlyn'

The Ohio Bell Telephone Company's directory, like the one recently distributed in Salem, is a handy reference book for correctly-spelled names, addresses and other reliable information but the abbreviations used for some street addresses are confusing at times, particularly for the non-natives.

For example, PidgnRD means Pidgeon Road, Wldnd (Woodland Ave.) Shadlyn (Shady Lane) Alnc (Alliance) and Sgr Tr Ct (Sugar Tree Court). But the contractions are necessary, the phone company explains on Page 15, so that most listings can be confined to one line and thereby avoid a book nearly twice the size. Guess we can excuse the abbreviations when the information is correct.

## Once Over

London doctor says parents shouldn't stop quarrelling in front of kids. Letting moppets in on the fights immobilizes them against the routine, he says.

Once they get accustomed to it, they realize the folly of such tactics.

The doctor is old hat. A scrap between mom and pop used to strike kids as thrilling but such encounters today can't hold their attention. Raised on TV shows, especially Westerns, they turn away from battling parents with a scornful, "they hit each other only ONCE!"

"Should your parents fight in front of you?" we asked a 14-year-old girl. "I don't care and probably wouldn't even notice it," she replied. "Our family has its share of battles, but they lack punch, fury and cruelty."

Urged to explain, the kid continued: "Dad is always satisfied if he floors mother with one blow. He never follows up by lifting her up and slugging her another half dozen times like they do in all screen battles."

"Mother got in the first haymaker last night," interrupted little Willie, "using a brass lamp with a full windup. It knocked father cold but what did she do? Stomp on him, belt him with a chair and roll all over the place, upsetting all the furniture like they do on TV? No, she lost the fight by calling it off because he was unconscious. She's lost several fireside quarrels that way."

"Do you agree with the British doctor who says parents should never hesitate to fight in the presence of children?" we asked. "What difference does it make? We kids walk out on 'em anyhow and switch to some real fights," the boy replied.

**AN ALL-COMEDIAN** program was put on for three hours on TV late the other evening. (Westerns and private-eyes of the entertainment world, UNITE!) When comedians get a

three-hour program, an entertainment crisis is at hand. The best most cowboy films can get is a half hour. They have to ride in and out between commercials. TV detectives, with few exceptions, have to show similar speed. Rare is the soap opera that gets a full hour. A three-hour stretch for comics was revolutionary. Not even overtime ball games last that long. What hath TV wrought!

Reactions differed. Some critics cheered the experiment; others thought three hours would be too much for Will Rogers, Mark Twain or the other great funnymen of history.

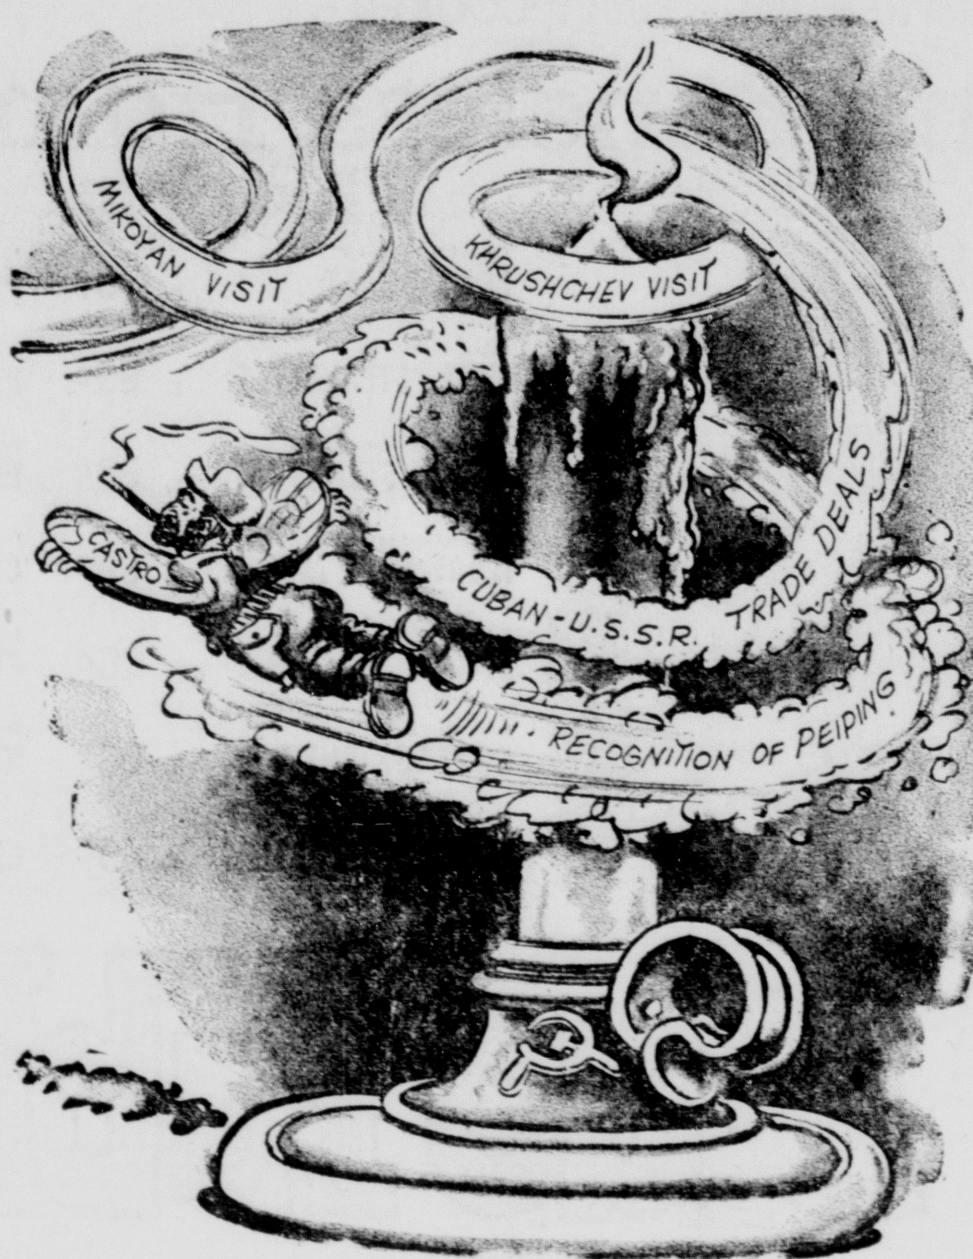

Census showed 200,000 fewer people in New York City. But they may have been in elevators or waiting for "WALK" signs during the census. Or maybe stalled in vehicular tubes.

Yanks have had such tough luck on ball field they are about ready to concede that if they carried four-leaf clovers the other side would have rabbits' feet in the official lineup.

Ralph Bellamy, playing part of late Franklin D. Roosevelt, appeared on streets of Gotham. We hear more than one surviving Tory looked on in amazement, cried, "Oh, no!" and made for the river.

Ringling family wars are over. Peace has been declared, a 20-million-dollar suit against John Ringling North dropped and unity restored. Battles in circus family could have been described by press agents as "most colossal, unparalleled, blood curdling encounters in history of combat." Suit against North was based on his rejection of traditional circus lot tours in favor of arena shows but his idea proved a money maker. We still think a circus lot is beyond replacement by an indoor circus, however, and weep for the modern kids who will never know the joy of seeing the big top pitched, watching elephants shove wagons out of mud, etc.

## Exodus of Koreans

By RAY FALK

The largest voluntary exodus from the free world is under way in Japan. Twenty-three thousand Korean residents of Japan have returned to Communist North Korea in the last six months.

The repatriation continues at the rate of 1,000 persons a week. At the present rate of applications it will continue for quite some time.

The repatriation program has been so successful, from the Communists' point of view, that estimates have been revised upwards.

The chosen Soren (the pro-Communist General Federation of Korean Residents in Japan) has raised its estimate from 117,000 to 130,000. The Japanese government predicts an exodus of 100,000.

The Tokyo government is negoti-

ating for an increase in the twice weekly departures and plans to speed up the existing procedures at the port of Nigata from a three-night to a two-night stop over.

But the Koreans' voluntary repatriation is an indictment of the miserable conditions under which refugees were forced to live in Japan—rather than a success of Red propaganda.

**THE 600,000-ODD** Koreans living in Japan are at the bottom of the social and economic scale.

Japanese officials consider them troublemakers and it is true that Koreans have the highest crime rate in Japan. Most are day laborers, a few own shops, textile mills or nightclubs.

## Kennedy's Talk Awaited

By HOBART ROWEN

For obvious reasons, the business community has become increasingly interested in the views of John F. Kennedy, the junior senator from Massachusetts.

The rapid strides Kennedy is making toward nailing down the Democratic presidential nomination whet the desire to know more about how he would act on economic issues.

Kennedy is usually regarded as a liberal. His staff describes him as a "responsible liberal," which phrase is supposed to suggest all the virtues of the progressive with none of the drawbacks of the radical.

**BUT RECENTLY**, Kennedy has been worrying some businessmen, probably because of a few speeches rather critical of "tight money" policies.

These speeches made during his primary campaigns, have followed the more or less standard Democratic party "line" that the Republicans have pursued an artificially hard money policy, which results in high interest rates and a choking-off of national growth.

One published report said the senator had decided not to attack the independence of the Federal Reserve System — and this really caused lifted eyebrows since the implication was that Kennedy had seriously debated such a step.

The fact is that he had not. But enough of such scuttlebutt has now percolated around Washington to have persuaded Kennedy that he must make his position clear in a major policy speech.

In this, he will say flatly that he believes in the preservation of the independence of the FRB from the political influences of any national administration. To take any other stand would be like coming out against motherhood and for sin.

But like many another keen observer of the scene, Kennedy thinks that the FRB's actions can be tied in, or coordinated, more closely with other government economic agencies.

Even the Eisenhower administration, in the past few years, has persuaded FRB Chairman William McChesney Martin to consult with it on an informal basis. And no one has suggested that the Federal Reserve's independent features have been ruffled as a result.

Kennedy may not yet be ready to suggest any new or specific mechanism for more closely integrating federal policy on fiscal and monetary matters.

**AS PRESIDENT**, if his campaign speeches mean anything at all, he would not be content to let the Federal Reserve go off in one policy direction while he wants to go in another.

It will be recalled that early in the Eisenhower administration, Treasury Secretary George

Humphrey and economist Arthur Burns were bitterly critical when the FRB at one point insisted on maintaining a tight money policy. But all Humphrey and Burns could do was complain: Martin followed the policy that he believed in.

Kennedy would plan, in such a case, to act more forcefully. In a speech at Eau Claire, Wis., a few months ago, he said: "This costly tight money policy can — and must be — reversed. . . . First, the FRB must overcome its reluctance to increase the supply of money. . . ."

The key to it, of course, is just how and by what methods Kennedy would induce the Federal Reserve Board to "overcome reluctance" to boost the money supply. Businessmen thus are anxiously awaiting Kennedy's forthcoming speech.

## Rockefeller's Point

By DAVID LAWRENCE

### Good Ideas, But Too Late to Be Effective

After listening and watching for two hours on Sunday night a television program in which Gov. Nelson Rockefeller of New York answered all kinds of provocative questions, this writer is convinced of the sincerity, earnestness and high purpose of the man who startled the country last week by his challenge to Vice President Nixon.

David Lawrence

Granted that it's too late for the Republicans to nominate anybody but the vice president — and, indeed, judged by political standards, Mr. Nixon is the man they are in duty bound to choose — the fact remains that Gov. Rockefeller unwittingly made a good argument for some other system of choosing party nominees and making party policy than the one in vogue.

In fact, Gov. Rockefeller was advancing a theory which constituted the most significant aspect of his television talk.

When all pretense and hypocrisy are thrust aside, it must be conceded that the present system of forming party policy or selecting the best candidate needs revision.

Indeed, the whole structure of government has grown so large that in many of the answers that Gov. Rockefeller made he refuted to some extent the impatience of the public with political habits as they relate to government in these days of crisis.

What Gov. Rockefeller was trying to say, in effect, was that he favors support not for who is right but for what is right. But it is political heresy today to say that anything the opposite party stands for is right, just as it is unorthodox to say that one's own candidate may be wrong on particular issues.

**THE TRADITION** is that before a national convention there can be rival candidates expressing different views but that, once a candidate is chosen, the party members must rally behind him.

Gov. Rockefeller is ready to support Vice President Nixon after his nomination but he thinks that between now and convention time policies can be shaped with respect to the future, and then a united party can go before the electorate.

This, of course, is not a practical viewpoint. What Mr. Rockefeller is doing today, he might better have done six months ago.

Since he apparently has cast aside consideration of any effects his one-man crusade may have on his own political future, the New York governor is of the opinion that a debate on the issues and a clarification of the Republican position before the convention would help Mr. Nixon to win.

Much of the criticism directed toward the administration, however, arises from changes in the circumstances of world affairs themselves.

Neither Mr. Nixon nor President Eisenhower can be held responsible for the changed situation resulting from Nikita Khrushchev's erratic behavior. Hindsight is always better than foresight.

**JUDGED ABSTRACTLY**, Gov. Rockefeller is fighting in a good cause—for a different way of making

ing party policy and choosing candidates but, as has often been said, "it's a condition and not a theory" that confronts the Republican party today.

One factor is the manner in which the opposition party naturally takes advantage of any dissension.

Perhaps the real trouble is that the vast majority of the voters do not analyze the issues critically, anyway, and that generalities do influence elections — as, for instance, economic contentment or discontent, as well as the possible impact of war or international policies designed to deter the enemy from attacking.

Gov. Rockefeller's earnestness, his forthrightness, his modesty, his simple honesty are all refreshing characteristics but somehow one gets the impression that, due to misguided advisers, he is moving in unfamiliar waters — among the shoals of practical politics.

On specific issues, it was interesting to see how skillfully Mr. Rockefeller presented his views. He didn't let his interrogator, David Susskind, who conducts the program known as "Open Ends," catch him up in any way.

Again and again, Mr. Rockefeller restated a question so as to eliminate any misleading phrases. His mastery of that kind of thing was outstanding. His respectful way of referring to Mr. Nixon and an insistence by the New York governor that he is trying not to hurt but to improve his party's chances undoubtedly made a deep impression on many who heard the talk.

It seems too bad that Gov. Rockefeller has not had as yet the political experience necessary to achieve the worthy objectives which he is trying to express today. But he is learning fast.

**HE IS ENDOWED** with the common sense and integrity of an Eisenhower. If the New York governor is willing to give the time and energy to remake his own party in the image of prudent progressivism that he has in mind, he can perform in the next decade a useful service.

Like many liberals, he reaches out for goals designed to improve the welfare of the American people.

But he hasn't learned yet that in government, as in politics, the art of adjustment is paramount and that what is "possible" to do in legislation or public policy often has to be accepted by those in public office, whereas only those on the outside can continue to argue for something better.

Several things are clear. Gov. Rockefeller is not a radical but, at heart, a conservative. He is not fooled by Communist intrigue and is alert to the Communist menace inside and outside America.

He is for a balanced federal budget but he has the temerity to ask that the money be spent for things essential to our defense.

Unhappily, such an ideal has to run up against the practical — the votes in Congress for measures on the domestic side.

The pressures upon government become the pressures on party.

This may be an unsatisfactory system, but it's the way that big government, trying to handle the affairs of nearly 180 million people, does manage to operate these days.

## It's A Cat's Life

By HAL BOYLE

**NEW YORK (AP)** — Remarks the family cat gets tired of hearing:

"Oh, I see you have a cat. Would you mind putting her in another room? Cats give me the creeps."

"Yeah, I guess she looks pretty enough—if you like cats. I happen to be a dog man myself."

"You hold her head, Joey, and I'll tie the can to her tail."

"They say if you leave them outdoors at night in cold weather it helps improve their fur."

"We were told she was a good mouser, but if she ever caught a mouse it would have to be a flat-footed mouse—and suffering from arthritis, too."

"And when I told the people at the cat show I wanted to enter Tabby, they took one look at her and broke out laughing."

**5 YEARS AGO** — Milton E. Steiner, who will assume the presidency of the Rotary Club July 1, today announced the appointment of committee chairman for the year.

**10 YEARS AGO** — Mrs. C. A. Kridler, Mrs. William Needham, Mrs. Henry Schultz, Mrs. Gus Sechler and Mrs. John Grubbs attended the American Legion Auxiliary county council dinner at Wellsville.

**25 YEARS AGO** — Henry Lundberg, commander of Allen Reynolds Post, Veterans of Foreign Wars, today announced completion of arrangements for the VFW membership rally here tonight.

**40 YEARS AGO** — Mr. and Mrs. E. S. Vincent were surprised Monday when a company of friends helped celebrate their third wedding anniversary.

"What does she think she is—a rabbit? The next time she has kittens, she's going to have to find herself a new home."

"Why does the cat's box always have to be in my bathroom? Why can't it sometimes be in your bathroom?"

"Sh-h-h-h! Want to have some fun? Just sneak up behind her and then bark real loud."

"I don't think it's because cats are so smart that they won't do tricks. It's probably because they are too dumb to learn."

"The ancient Egyptians used to worship cats as gods—but you know what happened to the ancient Egyptians?"

"Well, I made out my will yesterday, and I didn't leave one red cent to Tabby. In case we all die, she goes to my old maid aunt—the one that raises bulldogs as a hobby."

"And \$65.80 for repairing your scratched sofa, \$19.75 for fixing the scratches on the legs of your dining table—"

"Well, this is one cat that curiosity won't kill. She is more likely to yawn herself to death."

"I see by the newspaper that a collie won a gold medal for saving a little girl from drowning. What cat ever did anything for humanity?"

## Inside Labor By Victor Riesel

NEW YORK There was a farewell gathering aboard the outward bound liner SS United States last Thursday noon. Labor leaders were bidding good-bye to their chief, George Meany and talking of Nelson A. Rockefeller's recent talks have had in them a little noticed, little discussed labor policy which has surprised the union chiefs who had expected to be wooed instead of warned.

Some of the labor men had been with the governor in the bucolic relaxation of Cooperstown, N. Y., the previous week. One section of Mr. Rockefeller's speech there made its impact only after the attack on Nixon.

Nelson Rockefeller asserted the nation could not afford a constantly shortening work week.

THIS IS HOW he said it: "It is clear that in this period, as we have been doing with regularity over at least 50 years . . . we chose to forego an important part of the increased (gross national) product we could have obtained, in order to achieve increased leisure. We did this by shortening the work week and increasing vacation time. This has been a genuine social gain. It represents a valid and defensible choice. But it is a choice.

"Obviously we could not go on indefinitely cutting down work hours at the rate of about 12½ hours per year without reaching a point of diminishing returns.

"If there were a sufficiently

broad acceptance of national purpose, a full realization of the seriousness of the challenges we face, I think that the American public might agree on a moratorium on increased leisure for a period — or at least to temper appreciably the downturn that has prevailed."

It also appeared to the labor leaders that Rockefeller wanted a longer moratorium on such strikes as last year's national steel stoppage and this week's missile base walkout.

In his attack on Nixon, the governor reiterated his belief in collective bargaining, but added:

"Yet I believe the President should be given discretionary authority to use compulsory arbitration if an economic conflict reaches the point of clearly endangering the national welfare, and if all honest attempts at collective bargaining, mediation and arbitration have been exhausted.

ROCKEFELLER did not spell out his plan. But what he believes specifically is this:

First, mediation should be pursued "to the ultimate practical limit." Then the Federal Mediation Board should request a fact-finding board.

If this isn't heeded within "a limited time," the board should be empowered to recommend a settlement.

If the settlement is not accepted, the president should have the power to ask for an injunction to end the strike and appoint an arbitrator "charged with settling the dispute." The arbitrator's decision would be final.

The governor and his colleagues believe that such a procedure should have been used to end the 116 day steel strike.

That's what he meant when he

said here last Thursday that a "surrender to forces of inflation that marked the long delayed settlement of the steel strike" could have been avoided.

Steel Union leaders as well as the industry have defended their pact as non-inflationary.

In his criticism of Nixon, the governor appears to take on the steel industry too, for he charges that they plan to increase prices after the election by one billion dollars annually.

To round out his labor policy, Rockefeller has also consistently demanded the end of featherbedding and all other restrictive practices by labor or management.

He came out against tariff and quota protection which he called business subsidies.

The union leaders, delighted to observe the Rockefeller-Nixon feud, were not so certain, on re-examination, that they weren't caught in the middle.

## Arla Jean Brown Wedded To John Harold Ehrhart

Palms, bouquets of chrysanthemums and seven-branch candelabra enhanced the altar of the Salineville Methodist Church for the June 4 wedding of Miss Arla Jean Brown, daughter of Mr. and Mrs. Frank Fanelli of Salineville, and John Harold Ehrhart, son of Mr. and Mrs. Harold Ehrhart of MC 21, Salem.

The double ring ceremony was performed by the Rev. William Buell. "Because," "I Love You Truly," and "Always," was sung by Mrs. Julia Carter, accompanied by organist, Miss Sarah Wilde of Salem, cousin of the bridegroom.

Mr. Fanelli gave his step-daughter in marriage. Her lace over taffeta gown was fashioned with a fitted bodice and short sleeves. Seed pearls and sequins accented the scalloped neckline. The skirt was ballerina-length.

Her silk illusion veil was attached to a halo of sequins and pearls. Her white Bible, a gift of the bridegroom, was topped with a white orchid.

The maid of honor, Miss Sally Gamble, chose a gown of orchid nylon over taffeta, styled with a fitted bodice and pleated skirt. Miss Donna Davis and Miss Janet Davis, cousins of the bridegroom, were the bridesmaids. They wore identical gowns of yellow nylon over taffeta, with matching jackets.

The attendants wore matching half hats with short veils, and carried arrangements of white carnations. Richard Lozier Jr. was best man, with William Mundy and Joe Fanelli, brother of the bride, as ushers.

For her daughter's wedding, Mrs. Fanelli chose a blue lace dress with white accessories and a pink carnation corsage. Mrs. Ehrhart wore an orchid nylon over taffeta dress with bone accessories and a corsage of white carnations.

The couple greeted 150 guests at the reception in the church social room. A bridal figurine topped the four-tiered wedding cake which centered the bride's table.

Mrs. Ona Brothers, Mrs. Bernice Lewis, Mrs. Darla Lingo and Mrs. Clea Peloso, aunts of the bride, and Misses Kay Lindner, Jane Keating and Nancy Stucker served the guests.

Mrs. Linda Raffler registered the guests from Salem, Cleveland, Salineville, East Liverpool, Pittsburgh and Alabama.

Mrs. Ehrhart is a 1958 graduate of Salineville High School and was employed by Clea IGA store in Salineville. Mr. Ehrhart graduated from Salem High School in 1955 and is employed by the Salem China Co.

For her wedding trip to Niagara Falls, the bride wore a two-piece white dress with yellow accessories. Following their return, they will reside at the home of the bridegroom's parents.

Miss Edna Mae Harrington

## Harrington-Crosser Vows Are Exchanged In Lisbon

Miss Edna Mae Harrington carried a white Bible topped with an orchid corsage and showered with white satin streamers and lily of the valley when she became the bride of Richard H. Crosser Sunday afternoon at 3 o'clock in the First Presbyterian Church of Lisbon.

White satin bows marked the family pews and the custom of open church was observed.

The Rev. Paul T. Gerrard, pastor, officiated at the double ring ceremony.

Mrs. Vernon Duke presented a

half hour of organ music. Miss Donna Lottman of Salem sang "Oh Promise Me," "Because," and "I Love You Truly."

The bride is a daughter of Mr. and Mrs. Ben J. Harrington of New Freeport, Pa., and the bridegroom's parents are Mr. and Mrs. Paul R. Crosser of Lisbon Rd. 4.

Mr. Harrington escorted his daughter to the altar and she was given in marriage by her mother and father. Her gown of chantilly lace and tulle was fashioned with fitted bodice button-trim down the back, scalloped neckline and long pointed sleeves. The floor length bouffant skirt featured tiers of lace separated with ruffles of tulle flowing into a chapel train.

A bandeau of pearls held in place her finger-tip illusion veil of imported french tulle trimmed with matching lace. Her only jewelry was a single strand of pearls, a gift from the bridegroom.

Mr. Ruth Brannon of Waynesburg, Pa., was her sister's matron of honor. Her gown of ballerina length was pink nylon chiffon over taffeta with a bodice of lace. A large white picture hat trimmed in pink tulle and long white gloves completed her attire. She carried a colonial bouquet of pink and white carnations.

The bridesmaids, Miss Dora Lee Berdine of New Freeport, a friend of the bride, and Miss Bonnie Crosser, cousin of the groom, were gowned in powder-blue identical to the matron of honor and their bouquets were of blue and white carnations.

Betty Ruth Brannon, niece of the bride, was the flower girl.

Blaine Crosser, cousin of the groom, acted as ring-bearer.

Raymond Crosser, brother of the groom, served as best man and ushers were Henry Siefke Jr. of Alliance and George Berdine.

The mother of the bride chose for her daughter's wedding a sheer summer print dress in white with blue and lavender flowers while the bridegroom's mother wore a black and white coin dot chiffon. Mrs. Earl Crosser, grandmother of the groom, had a blue flowered sheer print. All complemented their attire with white accessories and corsages of white carnations.

**125 at Reception**  
A reception for some 125 followed in the social room of the church. A three tier wedding cake topped with a miniature bride and groom in a bower of orange blossoms centered the table.

Miss Patricia Perry of Salem, and Miss Jenny Ann Hedl presided at the table with Miss Carole Hiscox serving the cake.

Miss Susan Wise of New Freeport registered guests from Alliance, Chester, W. Va., Winona, East Liverpool, New Freeport, Salem, Waynesburg and Pittsburgh. For their wedding trip to Niagara Falls, Canada and the eastern states, the bride chose as her

going away outfit a lavender and white sheath dress with bolero jacket, white accessories and an orchid corsage.

The bride is a 1959 graduate from West Greene High School in Pennsylvania and is employed as receptionist for Drs. Wade A. Bacon and Peter R. Cibula. She has resided in the home of Mrs. Laura Christopher since coming to Lisbon. Her husband, a 1956 graduate of Lisbon High School, is employed in the utility department of Manufacturers Light and Heat Gas Co. in Chester, W. Va.

They will reside at 356 1/2 E. Lincoln Way.

The bridegroom's parents were hosts to the wedding party following rehearsal Friday night at their home.

Mr. and Mrs. Harold J. Astry of South Broadway announce the engagement of their daughter, Shirley Lou, to George W. Dickson, son of Monty Dickson of Mt. Victory.

Miss Astry, who was graduated from Salem High School, attended Kent State University. She is employed by Dr. E. M. Sheehan in Alliance.

Mr. Dickson holds a bachelor of science degree in Agriculture from Ohio State University and is teaching vocational agriculture at United School.

## East Goshen

Progressive Class of the East Goshen Friends Church was entertained by Mr. and Mrs. Ivan Townsend recently. Devotions were conducted by the Rev. Clarence Sekerak, pastor.

The program, arranged by Mr. and Mrs. C. A. Malmesbury, consisted of travel pictures. Local pictures were shown by Eli Phillips.

A gift was presented Mr. and Mrs. Robert Ruggles in observance of their 25th wedding anniversary. Lunch was served by Mrs. William Myton and Mrs. Curtis Santee.

Mr. and Mrs. Clyde Whitacre will receive the group July 8. Sunday School class of the East Goshen Friends Church taught by J. G. Pim was entertained by Mr. and Mrs. Eli Phillips. Mr. Phillips was elected president and Mrs. Ralph Lockhart, secretary.

Esie Matti Missionary Circle of the East Goshen Friends Church will meet Wednesday.

Mrs. Gale Wilkins and children, Terrie Lee and Timmy, of Zanesville are spending a week with her parents, Mr. and Mrs. Harry Thompson of 708 E. 3rd St.

## Garden Study Club Event Scheduled

Garden Study Club will hold an arrangers workshop and dessert luncheon July 11 at the home of Mrs. J. Russell Moore of Edgewood Drive.

Mrs. James Barrow of Columbiana will be guest adviser at the workshop, which is to begin at 10 a.m.

Monday, 12 members of the club and three guests toured the gardens of Mrs. H. E. Parham of Youngstown, where they were given a lesson in landscaping, horticulture and design. More than 200 rose bushes were viewed, and Mrs. Parham answered numerous questions on gardening.

Lunch was served in the screened summer house. A yellow cloth covered the table, which was centered with an arrangement of garden flowers in a basket. Mrs. Clyde McFeeley poured. Others on the committee were Mrs. Dana Hodging, Mrs. George Peterson and Mrs. Leonard Hoppes.

Mrs. Rachel McConnell of E. 5th St., is visiting at the home of her son, Dr. Irvin McConnell in Toledo, where she attended the high school graduation of her grandson, Denny McConnell. The latter part of this week, she will accompany them to Allentown, N. J., to attend the wedding of her granddaughter, Lois Merwin, to Herbert Rader, Saturday.

NEW MILK CARTON - Braintree, England, housewife compares new triangular milk container with the usual bottle. A large dairy is using the cartons—in pint, half-pint and third-pint sizes—for home delivery. Object is to eliminate the problem of collecting empties, storing and washing them for re-use.

## Two Teachers Employed By Columbiana Board

COLUMBIANA — Two teachers were employed and the resignation of another accepted at the Columbiana Board of Education meeting this week.

Fedoro P. Detunno of 315 E. Park Ave. was hired to teach physical science and social science during the next school term. He holds a bachelor's degree from Youngstown University and master's degree from Westminister College. Detunno has completed three years of military service and taught previously in East Palestine and Unity Local schools.

The second new teacher for the 1960-61 term will be Mrs. Martha P. Merrill of Canfield, who will teach junior and senior high school Spanish and English. Holder of a bachelor's degree from Ohio State University, she has had one year of teaching experience at Stryker High School in Williams County.

The new teachers are necessary, according to Supt. Delmore W. Bailey, because of an anticipated 50-plus increase in junior and senior high students.

Thomas Haban, instrumental music instructor for the last three years, submitted his resignation to the board. He will return to Oregon to teach. Haban came here from Florence, Ore.

Bailey reported the 1960 school enumeration has been completed and indicates an enrollment of 1417 pupils in local schools next fall, compared with 1344 for the term just completed.

DONALD HEPP, children's case worker for the Columbiana County Welfare Department, was guest speaker at the Kiwanis Club meeting Monday night at Heck's Restaurant. He said child welfare work actually is concerned greatly with adults, that is, parents who cannot or will not accept responsibility for their children.

## News of 4-H Clubs

### Hanover Township

The club met June 6 in the Legion Hall at Hanover, with 16 members present. Note books are to be brought to each meeting so that notes of coming activities can be scheduled. Adviser Paul Zehentbauer asked each member to bring at least three articles for the club's Safety and Health scrap book.

The club decided to organize a 4-H softball team, with captains to be chosen later.

Camp plans were discussed, since several members are planning to attend a "Health Talk" given by John Isenschmidt.

Blaine Hagan and Bonnie Scott will speak on "Safety," and Leo Betz and Allan McAllister will discuss "Health" at the July meeting.

The Home economics group will meet with Mrs. Charles Snyder at her home June 21.

Franklin Township Busy Bees

The Busy Bees met at Franklin Township School June 9, and members were helped with their projects by their advisers. The next meeting will be held at Janet Copeland's home, June 16.

Dunnganon Chatterboxes

The club met June 9 at the home of Patty and Lynn Henderson, and its new member, Diane Thompson, was introduced. Kay Huntsman of Berlin Center also attended as a guest of the group which answered roll call by naming favorite foods.

Patty Henderson, safety leader, spoke on "Safety." Dorothy Burrows demonstrated "How to Measure Correctly," and Charlene McKarns showed "How to Use a Thimble." Games and refreshments were enjoyed following the meeting.

Meadowbrook Dairy Maids

The club's third meeting was held at the home of Dianne and Donna Broomall June 7, at which members were reminded that their project books are due Aug. 10 and dairy judging training will be held June 30.

It was announced that members bringing tax stamps were to bind them in groups of 50 or 100.

Officers and advisers made plans to attend a conference Monday in Canfield.

The next meeting will be at the home of Joanne and Linda Todor.

Butler Sew Merrily

The Butler Sew Merrily 4-H Club met recently at the home of Cindy Whinery and planned a family swimming party for July 7 at Guilford Lake.

The 12 members in attendance answered roll call by naming historical places in Ohio.

Marilyn Handwork gave a demonstration on how to prepare and pack a lunch, and Cindy Whinery demonstrated how to make muffins.

The June 30th meeting will be at the home of Louise Humphreys of RD 2, Salem.

The club will sponsor a dance Aug. 13 at Butler Grange Hall.

The following members will enter health and safety speaking contests: Carol Elder, senior division; and Cheryl Boyce, junior division.

The club received a \$2 award for second place in the health and safety scrap book for its exhibit in the County Fair in 1959.

A donation was received from Butler Grange to help send eight campers to Camp Aldergate. A profit of \$31 was made on the club's recent paper drive.

## The Doctor Says

By HAROLD THOMAS HYMAN, M.D.

### Hard, Soft Water Affects Arteries

Is there some relationship between drinking "hard" or "soft" water and hardening of the arteries?

I've always scoffed at the idea. Now, however, comes Dr. Henry A. Schroeder of Dartmouth College with a report on this question that worth a careful look-see.

Starting with the hunch that hard water might lead to the development of hard arteries (and hence greater liability to attacks of coronary thrombosis) Dr. Schroeder has discovered that the very opposite appears closer to the truth.

That is to say, where the hardness of water is highest, death rates throughout the U.S. from diseases of the heart and arteries are lowest for males in the 45-10-64 year age groups.

What makes these findings all the more significant is the fact that no such relationship exists in the death rates from diseases except those related to the circulatory system.

Of further interest to each of us is Dr. Schroeder's discovery that the U.S. is pretty clearly divided by the Ohio River into states that have harder-than-average drinking water and those that have a softer-than-average water supply.

With the exception of Florida and Kentucky, all the harder-than-average water supplies and lower-than-average deaths from arteriosclerosis are north or west of the Ohio.

And, with the exception of Indiana and Illinois, all the softer-

water states are south or east of the Ohio.

than-average water supplies and higher-than-average deaths from arteriosclerosis are south or east of the Ohio.

ON THE BASIS of water hardness alone, deaths from arteriosclerosis and coronary diseases are least likely to befall those of us who live in South Dakota, Nebraska, New Mexico, Florida, Indiana, Arizona, Iowa, Utah, Kansas, Wyoming and South Dakota, in approximately that order.

Next on Dr. Schroeder's program of investigation is an attempt to discover whether the drinking of hard water confers a relative immunity to arterial disease or whether the drinking of soft water produces a greater susceptibility to vascular sclerosis.

EITHER WAY, the new study is rather a blow at what the Journal of the American Medical Association calls the "Jack Spratt School of the Theory of Arteriosclerosis."

Since the Schroeder report specifically states that the figures reveal no significant relationship between fatal arteriosclerosis or coronary disease and the factors of local dietary habits or sources of food, perhaps we can do our bit to ease the economic plight of our dairy farmers by restoring at least some bacon and eggs, cream and butter to our tables.

# Indians Defeated 7-4 By Orioles In Marathon Contest

## Rain Prolongs Game 4½ Hours

### 3 Infield Injuries Plague Cleveland

CLEVELAND (AP)—The Cleveland Indians, still in first place, but feeling the hot breath of the Baltimore Orioles and New York Yankees, have some new troubles—infield injuries.

Second baseman John Temple played in Tuesday night's marathon 7-4 loss to the Orioles, but he is bothered by a bruised ankle.

Ken Aspromonte, who filled in so well for the former National Leaguer when he hurt the ankle last month, has a knee injury.

Third baseman Bubba Phillips was hit on the left elbow his first time at bat and the arm was swollen badly before the finish of the game.

The Indians play a two-night doubleheader with the Orioles tonight, but Manager Joe Gordon may be hunting for infielders.

"Phillips certainly is doubtful and I don't know about Aspromonte," said Gordon. "Ken's knee seems much better after the treatment. He should be available for pinch hitting or a few innings at any rate."

Gordon named Jim Perry (6-2) and Bobby Locke (1-0) to face Baltimore's Hal (Skinny) Brown (6-2) and rookie Steve Barber (5-2).

Gary Bell (6-5) failed once again for the Indians Tuesday night, although he gave up only five hits and two runs in the six innings he hurled. But he was in constant trouble. The Indians trailed 2-1 when Dick Stigman took over in the seventh.

The young southpaw relief hurler was tagged for three straight hits after two were out—singles by Al Piliarcik and Gene Woodling and a solid double by Jim Gentile, which scored a run.

Stigman loaded the bases with one out in the eighth frame. Then a downpour hit the stadium, one of many interruptions that pushed the contest to 4½ hours. This time the game was delayed for 77 minutes.

Johnny Klipstein relieved Stigman and was way below form. Four runs crossed the plate before Klipstein could retire the side.

That 7-1 margin became too much for the Tribe, although the hitters gave it a good try in their half of the eighth.

Pecking away for singles—they loaded the bases against starter and winner Milt Pappas (4-5), on hits by Woodie Held and Hank Foiles, plus a walk to Phillips.

Then Bob Hale got one run across with a sacrifice fly. After Temple walked to refill the bases, Jimmy Piersall ripped a two-run single through the middle of the diamond. That sent Pappas to the showers.

Jerry Walker came in to do the pitching—and shut the door on the Indians. He retired Harvey Kuenn for the final out.

Tito Francona walked to open the ninth and Vic Power then set down Held, Foiles and pinch-swinging John Romano, all representing the potential tying runs.

## Contests Are Rescheduled

## Softball Games Postponed Because of Wet Grounds

For the second consecutive night, the City League softball games scheduled for Kelley Field Tuesday were postponed because of wet grounds.

Dave Briskin, executive secretary of the Salem Softball Association, has rescheduled the following games for next week:

JUNE 20 — 6:15, Deming Co. vs Herron Transfer; 7:30, Shaffer Ford vs Orphans; 8:45, Eagles vs Mile Branch Grange.

JUNE 21 — 6:15, Lincoln Machine vs H. K. Porter Co.; 7:30, Carl's Tavern vs Marks Landing; 8:45, Youngstown Local 1331 at Salem Merchants (Penn-Ohio League game).

JUNE 23 — 6:15, Mile Branch Grange vs First Salem Corp.; 7:30, Deming Co. vs Stepanic's Tavern; 8:45, Old Dutch Beer vs Orphans.

JUNE 24 — 6:15, Purity Dairy vs H. K. Porter Co.; 7:30, Akron Butler Oils vs Deming Co. (Exhibition game); 8:45, Farrel 7 Up at Salem Merchants (Penn-Ohio League game).

The Penn-Ohio League fray between the Salem Merchants and Niles Fenton St. Bar which was rained out on Monday will be played Friday at 8:45 at Kelley Field.

A first round Class AA game which was rained out early in the season between Herron Transfer and Old Dutch Beer has been rescheduled for 8:30 p.m. Saturday, July 2.

Provided there are no more rain-outs this week, second round play will start Saturday, June 25, Briskin said. These games will bring together Lincoln Machine against First Salem Corp. at 6 p.m.; Carl's Tavern and Theron's IGA at 7:15 and Italian Club and Eagles at 8:30.

However, if games scheduled for Thursday, Friday or Saturday of this week are rained out, the June 25 program will be changed, Briskin reports.

The softball schedule for the remainder of this week at Kelley Field is as follows:

**Games Thursday**  
6:15, Theron's IGA vs Carl's Tavern  
7:30, Old Dutch Beer vs Herron Transfer

## Pirates Win 6-3 Over Giants; Braves Shaded 3-2 by Cubs

By The Associated Press  
The Pittsburgh Pirates have a two-game lead after getting past San Francisco in the opener of a three-game series, but right-hander Larry Jackson and the surging St. Louis Cardinals are stealing the spotlight in the National League pennant race.

Four unearned runs gave the Pirates a 6-3 decision over the second-place Giants Tuesday night while the Cardinals backed Jackson with home runs for his eighth straight victory in a 6-3 decision over Cincinnati.

It gave Jackson (9-5) a tie with Pittsburgh's Vern Law as the majors' top winning pitcher, and moved the Cards past the Reds into fourth place.

The Chicago Cubs defeated third-place Milwaukee 3-2 behind a two-hit pitching job by Ben Hobbie. Last-place Philadelphia defeated Los Angeles 6-5 in 10 innings.

In the American League, Baltimore moved within one percent of first-place Cleveland by beating the Indians 7-4 in the first of four games with the Tribe. The third-place New York Yankees edged within three points of the top by winning their seventh in a row, 6-2, at Kansas City as Jim Coates (7-0) won his 11th straight since last June. Detroit

beat Boston 2-1. Wet grounds postponed Washington's game at Chicago.

Jackson, 29, a winner against every club but Los Angeles, gave up five hits and just one earned run — a fourth-inning homer by Jerry Lynch. Ken Boyer and Curt Flood, who drove in four runs, homered off loser Jim O'Toole (4-6) for the Cards' sixth victory in the last nine games.

Boyer's shot, with a man on in the first inning, was his 17th, keeping him in a tie with Ernie Banks of the Cubs for the NL lead.

A two-out error by Willie McCovey with the bases loaded set up three unearned runs in the second inning for the Pirates. Dick Groat's two-run single capped it and beat Sam Jones (8-5), who lost his first in eight decisions at Candlestick Park.

Bob Friend (8-3) was the winner. Hobbie, a right-hander with an 8-2 lifetime record against Milwaukee, held the Braves hitless for seven innings, then gave up home runs by Del Crandall and Ed Mathews in the eighth and ninth. The Cubs had five hits off loser Bob Buhl (5-3), two of them home runs by Banks and Frank Thomas.

A single by Clay Dalrymple scored two runs and won it for the Phils in a three-run 10th off losing reliever Clem Labine (0-1). The Dodgers blew a 3-2 lead in the ninth. Dick Farrell (3-1) won it in relief, getting Norm Larker on a pop up for the final out with the tying run on second after giving up two runs in the Dodger 10th.

A first round Class AA game which was rained out early in the season between Herron Transfer and Old Dutch Beer has been rescheduled for 8:30 p.m. Saturday, July 2.

Provided there are no more rain-outs this week, second round play will start Saturday, June 25, Briskin said. These games will bring together Lincoln Machine against First Salem Corp. at 6 p.m.; Carl's Tavern and Theron's IGA at 7:15 and Italian Club and Eagles at 8:30.

However, if games scheduled for Thursday, Friday or Saturday of this week are rained out, the June 25 program will be changed, Briskin reports.

The softball schedule for the remainder of this week at Kelley Field is as follows:

**Games Thursday**  
6:15, Theron's IGA vs Carl's Tavern  
7:30, Old Dutch Beer vs Herron Transfer

## Hot Stove Contests To Be Rescheduled

The Hot Stove League baseball games scheduled for Tuesday night were called off because of wet grounds. They will be rescheduled at the end of the first round.

Play will resume on Thursday when the Class H division joins Classes E, F and G in regular season competition. The eight Class H teams, composed of boys 7 to 10 years of age, have just completed a practice round.

Since 1888, when Miami University played its first intercollegiate football game, a 0-0 tie with the University of Cincinnati, the Redskins have won 328 games, lost 174 and tied 29, a winning percentage of .645.

# Cincinnati Loses to St. Louis as Slump Continues

## Cards On Spree In 1st 3 Frames

Nuxhall to Hurl For Reds Tonight

CINCINNATI (AP)—Can the Cincinnati Reds get back their missing hitting edge? Another night went by without it Tuesday and the result was a 6-3 loss to St. Louis.

And little pinch-hitting help is expected from a trade.

The trading deadline is midnight tonight and General Manager Gabe Paul said Tuesday, "Right now, I doubt that we will make any major deal."

"There's no doubt that a close race like we are having again means that everybody is cautious, because nobody really is out of it at this point."

The team's hitting slump dogged the Reds through most of the recent West Coast visit.

Tuesday night, Larry Jackson (9-5) stacked up his eighth victory in a row by limiting the Reds to five hits.

The only telling poke was Jerry Lynch's leadoff home run in the fourth.

The two other runs were unearned and came after Jackson floundered briefly in the third inning.

Daryl Spencer booted a roller by Billy Martin and after Whitey Lockman drew a walk as a pinch hitter, Jackson's wild pitch gave each an extra base. That set the scene for Eddie Kasko to drill a single over short, scoring both men.

Otherwise, the Reds were virtually powerless.

Roy McMillan beat out a roller in the fifth inning. In the ninth, last-ditch singles by Ed Bailey and Frank Robinson set up a threat, but Jackson got Martin on an easy out to seal the victory.

Most of the St. Louis damage came in the first three innings, off starter-loser Jim O'toole. Joe Cunningham singled in the first inning and after Bob Nieman forced him, Ken Boyer came along with his 17th homer.

Curt Flood, former Redleg, was the core of a third inning rally, belting his first home run of the season over the center field wall after Boyer and Spencer had singled.

Flood also drove in Spencer with a single in the eighth.

The second game of three with the Cards tonight finds Joe Nuxhall opposing Ray Sadecki, St. Louis' 19-year-old lefty.

### NAMED COACH AT CANTON

**IN INDIANS TRADE** — The last place Boston Red Sox, a short time after rehiring Mike Higgins as manager, concluded a trade with the first place Cleveland Indians. They got catcher Nixon and center fielder Hardy. In return they sent outfield Keough, a former bonus baby, and pitcher Bowsfield to the Indians.

## Bill Beery Leads Class E In Batting

Although Bliss CIO is resting in the basement of the Class E, Hot Stove Baseball League, its slug-ging catcher, Bill Beery, is the loop's leading hitter.

The lanky athlete, who will be a sophomore at Greenford High School next fall, has pounded out eight hits in 14 times at bat for a .571 average. Included among his eight hits are two doubles and a triple.

Runner-up to Beery in the hitting department is Gary Edwards, a pitcher for Youngstown Kitchens CIO. Edwards has collected six hits in 14 trips to the plate for a .429 average.

There have been only three home runs hit in the league this season.

Dick Owen and Paul Bowman of Deming CIO, and Bill Carter of Eljer CIO have each hit for the circuit on one occasion.

The winningest pitcher in the league is Tom Owen of league-leading Deming Co. He has yet to taste defeat after three decisions. Owen also has recorded the most strikeouts, 26.

Here are the league leaders:

### Class E

**BATTING** (based on 12 or more at bats) — B. Beery, Bliss, 571; Edwards, Youngstown Kitchens, 429; Barrett, Deming Co., 417; Thurber, Youngstown Kitchens, 375.

**HITS** — B. Beery, Bliss, 8; Edwards and Thurber, Youngstown Kitchens, 6; T. Owen and Barrett, Deming Co., 5.

**HOME RUNS** — Carter, Eljer, and D. Owen and Bowman, Deming Co., 1.

**TRIPLES** — B. Beery and Hougher, Bliss and D. Owen, Deming Co., 1.

**DOUBLES** — B. Beery, Bliss and D. Owen, Deming Co., 2.

**PITCHING** — T. Owen, Deming Co., 3-0.

**STRIKEOUTS** — T. Owen, Deming Co., 26; D. Capel, Eljer, 24; Edwards, Youngstown Kitchens, 23.

The first College All-Star game in 1934 was the only one that was played out to a scoreless tie.

In the 14-year history of the Mid-American Conference, Miami University's athletic teams have won 33 Conference championships and tied for three others. Track and cross country teams have accounted for 19 of the titles, while the baseball and wrestling teams have yet to win a championship.

## American, National Football Leagues at Odds on 2 Issues

NEW YORK (AP)—Two small "brush fire" wars between the entrenched National Football League and the neophyte American Football League were raging today—and the AFL appeared to be ahead in both.

In Los Angeles, the Rams of the NFL failed, at least temporarily, to get into evidence details of a \$100,000-plus contract signed by All-America Bill Cannon with Houston of the AFL.

U. S. Dist. Judge William J. Lindberg ruled that such evidence if permissible at all, should be introduced later in the Rams' injunction suit to keep Cannon from performing with any other team.

The Rams contend Cannon breached a contract he signed with them for a \$10,000 bonus, plus

star, before the Sugar Bowl game last Jan. 1. There was some question over whether the Rams were guilty of professionalizing him.

In New York and Chicago, a war of words raged between Harry Wismer, president of the New York Titans of the AFL and owner-coach George Halas of the Chicago Bears of the NFL.

Wismer defended the signing of

Jack Sherer, sophomore University of Miami tackle, before his class graduates.

"The kid flunked out of school," said Wismer. "He can't get into any other college. He wants to play football. All I know about the rule is that we aren't supposed to sign a boy until his class graduates."

"But this case is different. We

have not induced the boy to leave school. We are trying to help him."

Wisner blasted Halas, who had warned that the signing of under-graduates by AFL clubs could lead to wholesale raids of colleges.

"I know why Halas is mad," fumed Wisner. "He wanted the boy himself."

Tolerton Goes Into Second Golf Round

MANSFIELD, Ohio (AP)—Evan Schiltz, whose 70 was the best score in first round match play, and 31 other young golfers moved into the second round of the second annual North Central Ohio Junior Open Golf Tournament today.

The 32 who play today eliminated the other 32 boys who earned berths in the first round Tuesday. The field will be trimmed to eight when today's second and third rounds of 18-hole matches over par 72 Possum Run are over.

First round winners in the teenage tourney, sponsored by the Mansfield News-Journal:

Dave Oswalt, defending tournament champion, Mansfield; Joe Goss, Newark; Chuck Darnell, Marion; Tom Tootchman, Newark; Jim Edmunds, Sylvania; Rick O'Rourke, Westlake; Milan Tusko, Cuyahoga Falls; Sederick Donofrio, Cleveland; Tom Moore, Napoleon; Mike Strapp, Columbus; John Sayres, Springfield; Jim McCready, Akron; Evan Schiltz, North Canton; Bob Pollock, Akron; Bob Pefrou, Akron, Charles Morris, Canton; Tim Moench, Upper Arlington; Terry Tolerton, Alliance; Don Harris, Mount Vernon; Wayne Burgess, Grafton; Jim Rees, Kent; Tom Copeland, Springfield, Doug Welker, Van Wert; Derek Kent, Galion; Milt Williams, Mount Vernon; Bill Schaub, Toledo; Dick Baker, Coshocton; Art Howard, Hebron; Jack Andrich, Cuyahoga Falls; Terry King, Newark; Bob Metro, Cleveland; Denny Gallagher, Mount Gilead.

Babe Ruth spent 21 of his 24 years in the majors in the AL, built in 1923, is the oldest in America.

Jerry Hill, Wyoming's crack left halfback, gained 141 yards in eight carries in the spring football game.

## Tigers Gain 2-1 Victory Over Red Sox

## Coates Wins 11th In Row as Yankees Beat Athletics 6-2

By The Associated Press  
Nine years ago Jim Coates signed with the New York Yankees because his mother didn't like the looks of another club's scout. Now, after seven seasons in the minors, he is the hottest pitcher in the majors and has put the Yanks within three percentage points of the American League lead.

The lean right-hander put away a 7-0 record and his 11th consecutive victory over a year's span Tuesday night as the third-place Yankees won their seventh straight, 6-2 at Kansas City. That gave New York the longest streak of the season in the AL while closing in on the front-stumbling Cleveland Indians and Baltimore Orioles.

The Orioles edged within one percentage point of the top by handing the Indians a third straight defeat, 7-4, in the opener of a four-game series at Cleveland.

Detroit defeated Boston 2-1 in the only other game played in the AL. Wet grounds at Chicago post-

poned the White Sox game with Washington.

In the National League, Pittsburgh gained a two-game lead over San Francisco by beating the Giants 6-3. The Chicago Cubs defeated Milwaukee 3-2 on Glen Hobbie's two-hitter. St. Louis beat Cincinnati 6-3 as Larry Jackson won his eighth in a row. Philadelphia defeated Los Angeles 6-5 in 10 innings.

Roger Maris kept his major league home run lead with No. 18 and drove in five runs for the Yankees. It was the Yankees' eighth in a row over the A's, sixth this season, and handed Johnny Kucks a 1-1 record.

Coates, 27, didn't allow a hit until Dick Williams batted in the fifth. He finished

with a six-hitter for a 13-1 major league mark and a perfect record as a starting pitcher.

A four-run eighth-inning—which took an hour and 42 minutes to play because of rain—did it for the Orioles. Al Pilarcik's squeeze bunt scored the clincher and Gene Woodling then capped the rally with a two-run single. Gary Bell (6-5) was the loser. Milt Pappas (4-5) won it, but needed relief help from Jerry Walker.

The Tigers ruined Mike Higgins' return as Boston manager when pinch-hitter Norm Cash socked a two-run, two-out homer in the seventh off Bill Monbouquette (5-6). Jim Bunning (4-3) struck out 13 and gave up all four Red Sox hits—one Ted Williams' 498th career home run.

pletion of a shot is a sure way to check on the quality of that throughout the swing. If the player can stand in the position shown in the accompanying illustration indefinitely, his balance has been good.

NEXT: The putting grip.

For the law of averages. Despite a record 105 tournament victories, including three PGA and three Masters titles, the West Virginia hillbilly has never won the Open. This is his 20th attempt in an unbroken string that began in 1937 when he was a mere 25.

Hogan, at 47 seeking an unprecedented fifth Open crown, and the peppy, wise-cracking Snead, 48, represent the old pros' major challenge to golf's young bloods, headed by tournament favorite Arnold Palmer, Dow Finsterwald, defending champion Billy Casper, Ken Venturi, Gene Littler and Mike Souchak.

All will be swinging away at what most of them consider the easiest Open course in recent years. There will be 18 holes each Thursday and Friday before the 36-hole showdown on Saturday.

"It's amazing," says Casper, the putting wizard from Apple Valley, Calif. "The way the ball goes in this thin air, you'd need 8,000 yards to have a true 7,000-yard course."

## OUT OF DOORS with Field &amp; Stream

By RUFUS LIDE

Last Thursday I attended a farm pond water safety program at Camp Whitewood up in Ashtabula County.

Two women from the Red Cross with a young man and young girl as assistants, put on a very fine demonstration of life saving with the simplest things imaginable.

It is only natural that when accidents occur there are no special gadgets available, so a good first aid person uses whatever is at hand in an emergency.

First the girl was drowning, it was a simple thing for the boy to take off his jeans, rush out to the girl and toss her one leg to grab on to while he towed her to shore. Even the sleeves of his shirt

would do while only an expert swimmer would dive under the victim, come up behind her back then swim to shore with one arm around the victim's neck. There is always the danger of a person in panic grabbing on to the would-be rescuer and they both might drown during the struggle.

WE MIGHT HAVE 17 deaths by drowning over the 4th of July in Ohio, and nothing much would be thought about it. But if 17 persons died from polluted water in a city the head of the health department would be run out of town.

So it goes, there is not enough thought and attention given to water safety, not only from the drowning stand point but from the impurities of water that could mean sickness and death.

Impure water could cause death among cattle, with one cow passing along the disease to the whole herd after drinking polluted pond water.

ONE THING that was brought out was that nine out of 10 farm ponds are not fit for swimming. Yet you can see both young and old swimming in ponds, at times turning the water into a mud puddle.

One might think his pond contains good water, but if it has not been thoroughly analyzed, he wouldn't know. Even the birds that fly over the pond can contaminate pure water.

The question is, who can you get to analyze your pond water? The Health Department certainly can not do the job with limited man power.

It all sums up to the point that farm ponds serve their purpose by providing water for spraying, to fight a fire or for fishing. Beyond that you cannot say the water is safe for any kind of human or live stock use.

Of course, rural dwellers can use it to flush commodes, sprinkle lawns and such; beyond that better let it alone.

FOR PROPER information you should contact an authority on the subject. What I am passing along is what I heard at this meeting.

In the meantime if a farm pond water safety program is presented in this county it would be most enlightening for all pond owners to attend the demonstrations before the water has been misused and a health or drowning tragedy occurs.

The problem is serious and I would advise all pond owners to stop all swimming immediately until you know what you are swimming in besides water.

Are things as bad as I heard it? You might be drinking or using water that was pronounced impure one day, then pronounced good on the following test. Make your own decision.

# Ann Landers

## ANSWERS YOUR PROBLEMS

Dear Ann Landers: Is there an art to getting out of a car gracefully? When I have school books to carry and a fellow drops me off in his car I seem to have a terrible time exiting like a lady. My skirt goes up and the tops of my stockings (including the garters) show. I know I must look like a clumsy ox.

Several of my girl friends have the same problem and none of us ever has seen a solution printed anywhere. Can you help us? Thank you.—OOPS E, DAISY.

I come from a family of five children. My father is not wealthy but he is better than comfortable. He has given each of his married children a nice sum of money to help them along.

My husband does not believe in accepting money from parents. I hate to do anything against my husband's wishes but I feel that I'm entitled to the same amount as the others. Why should I pass up my share? Am I wrong?—DAILY READER.

Dear Daily: If the money is a wedding gift, I see no reason to turn it down. If it is NOT a wedding gift and your folks are in the habit of giving their married children money "to help them along" periodically, respect your husband's wishes and say, "No thanks."

Dear Through: Tell your mother why you can't sit for this family again. If she wishes to take it up with Mrs. X it's up to her. YOU, however, should not discuss the incident with the man's wife.

Don't blab the details around to your girl friends, please. It could be very hurtful to the young wife and from the sound of your letter she's going to have trouble enough with her roaming Romeo.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

### Proud Husband

Dear Ann: I have a wonderful husband and maybe I have a lot of nerve to complain but I think he's wrong about something. He says I'm wrong. What do you say?

On the way home he kissed me.

### Roaming Romeo

Dear Ann: I'm 17, a high school senior and make pretty good money baby sitting. The other night I sat for a new couple in the neighborhood. They are rather young parents (I'd guess they're in the middle 20s).

The other night when they got home it was almost 2:30 a.m. I was half asleep on the couch. Mr. X offered to walk me home. I said it wasn't necessary because I live less than a block away. He insisted, saying he'd feel better if he saw me to my door.

Jim Skeels of Lisbon RD 4 was elected president of the Columbiana County Junior Fair Board at its recent meeting in the county extension office. He succeeds Tom Wallace of Homeworth.

Other officers for the coming year are Lelia Shade of Leetonia RD 1, vice president; Pat Denny, Salem RD 2, secretary; and Robert John of Salem RD 3, treasurer.

These representatives of 4-H, Future Farmers of America and the Juvenile Grange will plan and conduct the junior phase of the county fair Aug. 23-27, according to Joseph V. Burger, county extension agent in 4-H work.

Other Junior Fair Board members are Phil Converse, Leetonia RD 2; Ronald Kampfer and James Stewart, Salineville RD 1; Pat Clark, Salineville RD 2; Evelyn Boyd, Wellsville RD 1; Kathy Hrovatic and Carol Hawkins, Salem RD 3; Bill Skeels and Karan Shaw, Lisbon RD 4; Ray Moser, Columbiana RD 2; Lee Stamp, Hanoverton RD 1, and Bill Williams and Raymond Burkey, Beaver Local School FFA representatives.

The group discussed taking on a special project again this year. Work days in preparation for the fair will be held throughout the summer, along with other meetings, Burger said.

### GETS RETIREMENT GIFTS

CLEVELAND (AP) — A \$5,000 check and a television set were among gifts presented Tuesday to Dr. Donald M. Wonders, who retires July 1 after 15 years as archdeacon of the Episcopal Diocese

of Ohio. Dr. Wonders, rector of Grace Episcopal Church at Sandusky for 19 years before moving to the diocesan staff headquarters here in 1945, received the gifts at a party in Kirtland Country Club.

### CASE BACKLOG CUT

LISBON — The annual tabulation of criminal court cases for Columbiana County for 1959, received by prosecuting attorney G. William Brokaw, shows the total of criminal cases decreased by six during the year.

Beginning Jan. 1, 1959, there were 89 cases pending, and 105 more were filed, making a total of 194.

During the year the prosecutor's office disposed of 111 cases, leaving 83 pending as of Jan. 1.
